

These are some of the possibilities that will happen in the unfolding of the evenings:

**Channelling our higher selves – who we actually are**

Let our highest selves tell the story

Humbling service to the soul's intent

**Being beyond story**

Telling favorite stories

Becoming our heroes

**Having your life back**

**Meaningless Play**

Being in wonder of each other

**Be a channel of devine play**

**Be in the body's wisdom**

Mining the treasures

**Living Your Life**
